

# THE CHISWICK SALON

London, W4

## Wedding Prep

From your initial consultation right through to your final look, our team is dedicated to making you look and feel fantastic on your special day.

We'll show you how to prepare your hair in the weeks leading up to the wedding so that it's in the best condition possible on the day. Glossy colour, luxury treatments, extra volume, expert cutting and styling – we've got everything covered.

We love it when clients bring in tear sheets and pictures for inspiration! Together we'll try out your ideas and show you how to maintain your look during the day – explaining how to take off a veil or remove a tiara safely.

Our manicurist can give you advice and a nail care programme before the big day and, if you would like to establish a beauty routine, we're able to recommend local therapists who are very reliable and frequently used by our own stylists.

You might also want to arrange for your hen party to come in for a group blow-dry session or manicures. Just ask – we'll be delighted to help!
